

Modern Slavery Act 2015

PASS (Portable Appliance Safety Services) Ltd supports the commitment to driving out acts of modern day slavery and we confirm that we meet all of our current obligations under the Modern Slavery Act 2015.

All of our employees have contracts of employment that meet the requirements of current UK legislation and we carry out pre-employment checks to ensure that all employees are either UK citizens or have a legal right to work in the UK.

Our employees are free to leave our employment on providing their contracted notice period.

We expect our supply chain to comply with all applicable UK, European and International legislation and laws, including the Modern Slavery Act and the ETI Base Code.

We recognise that products imported from outside the UK/EU are potentially more at risk for slavery / human trafficking issues and therefore we only purchase from major internationally recognised manufacturers.

We will not deal with or support any supplier or manufacturer knowingly involved in slavery or human trafficking.

This policy statement will be reviewed annually and re-issued when required.
